Motorists may experience traffic delays on Lewis and Clark Bridge on US 85 south of Williston

Motorists traveling on the Lewis and Clark Bridge on US Highway 85 south of Williston may experience intermittent delays due to delivery of material for the bridge project. In order to complete bridge construction work, this delay will occur periodically beginning Sunday, October 30 through mid-November. For up to date information on traffic delays go to the Travel Information Map at <http://www.dot.nd.gov/travel-info-v2/>.

During this time:

- Motorists may have to stop and take turns to cross the bridge and the bridge will be closed to traffic for short times
- Delays are expected to be approximately 20 minutes.
- A width restriction of 16 feet will be in place.
